

Sharp is the premier choice for office environments featuring leading edge multifunction peripherals, software solutions and now, My Sharp.

Total Office Control:

With a level of support which supplements help desk professionals or advanced key operators, My Sharp will help you maximize the return on your office investment.

Total Office Expansion:

When your office grows, so does My Sharp. When adding additional office equipment to your environment, My Sharp can be easily reconfigured to reflect your purchase.

Total Office Power:

My Sharp was developed using Macromedia® Flash™ technology and advanced database management for quick implementation of your site(s). My Sharp is a valuable tool that helps support your office and IT staff.

Total Office Network Connectivity:

Network and Internet friendly, My Sharp easily integrates into your office network. My Sharp is a browser-based technology that is compatible with Microsoft® Internet Explorer 5.5 or higher and Macromedia® Flash™ Player 6 or higher.

Total Office Support:

Fully customizable, quick implementation and easy access to demonstrations, all of these capabilities make My Sharp one of the most cost effective solutions available.

Customized Website and Email Links.

Links are customizable by business for easy access to immediate support such as emailing queries, requesting service or ordering supplies.

1 Customized by Model.

Custom built for the Sharp products in your work environment.

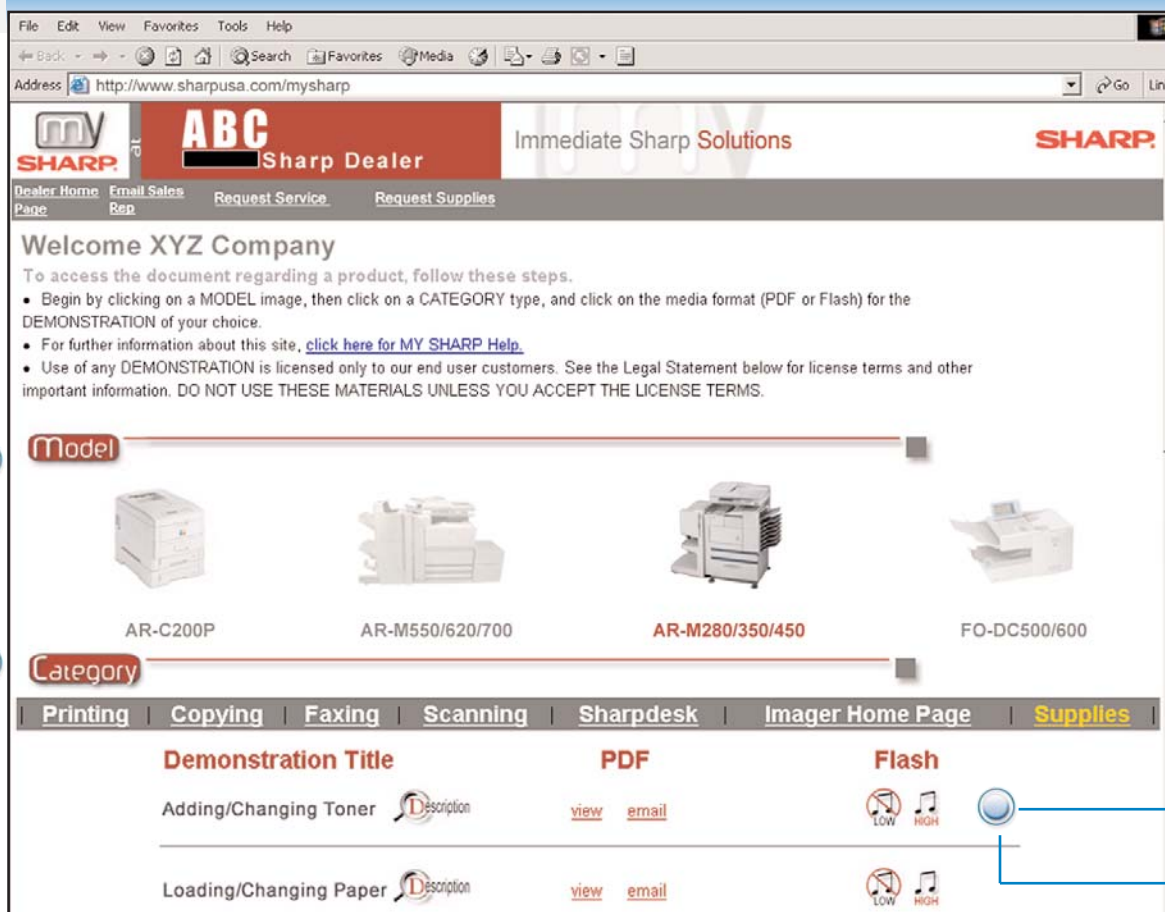

2 Customized by Category.

Product features are grouped by category such as *Printing, Copying, Faxing, Scanning, Sharpdesk, Imager Home Page* and *Supplies*. Available categories are based on product model. Your site is customized to include the categories that accommodate your workflow.

Integrating Sharp products into your day-to-day workflow brings more than just leading edge technology to your business. Sharp recognizes the crucial role that technology support plays in the success of your business. That's why Sharp products are now accompanied by a technology and training support website that is custom built for your business. This website is called *My Sharp*. For user support and product training, your personal *My Sharp* site has been developed to offer high-level support in an easy-to-use format.

Sim·pli·fy Work Life

We customize your personal My Sharp site to include the product features of interest to your business.

3 Customized by Demonstrations.

My Sharp demonstrations cover a broad range of product features from basic fundamentals such as *Changing Paper* to more advanced features such as *Email Destination Management*. Tailored to the skill level of an individual or a group of users, custom sites can be built to include several or all demonstrations within a category. If all demonstrations are included in your site, you automatically receive demonstration updates as they are released. Demonstrations are immediately available for viewing as a flash file, with or without audio. Users can also view, print or email a PDF version of the demonstration directly from the site. Small file sizes provide quick and easy access for viewing and downloading.¹

User-Friendly Demonstrations. Pronto.
